Manga Do Something – feat. Ivan

GAJMA

An anime-style illustration of two characters in a tense moment. On the left, a character with dark hair and red eyes is crawling on a sandy floor, looking back with a determined and angry expression. On the right, a character with blonde hair tied in a ponytail and blue eyes is crouching, holding a cross-shaped object in their right hand and looking at the first character with a stern, intense gaze. The background consists of vertical wooden planks.

Fuck!

No one will
